

# Training Announcement

## Pistol Low Light Operations – TCOLE #3327

Event Type: Law Enforcement Career Development  
Start Date: Wednesday, 11/18/2024 – 14:00  
End Date: Thursday, 11/19/2024 – 22:00  
Audience: Corrections, Peace Officer, General Public  
Hours: 16  
Cost: \$325.00

The Low Light Pistol Operations training program is crafted to equip law enforcement officers with specialized skills for managing handguns in environments with limited or no illumination. This intensive training merges basic skills with advanced tactical knowledge, emphasizing the use of both hand-held and weapon-mounted lighting tools. Trainees will master a variety of techniques for effective hand-held light manipulation tailored to personal preference, as well as the tactical use of weapon-mounted lights (WMLs). The course content extensively explores the application of lighting in diverse settings and structural scenarios, highlighting precision in target recognition, accurate shooting, and sophisticated concealment strategies.

Additionally, the training includes vital tactics for performing comprehensive searches and navigating safely in poor lighting conditions. Officers completing this course will significantly boost their tactical skills and awareness, ensuring superior preparedness for low-light engagements. This training is essential for those committed to maintaining the utmost standards of safety and operational efficiency.

\*Limited spots are available for non-law enforcement participants, evaluated on an individual basis.

### Student will need:

Pistol  
Handheld light  
400 rounds ammunition  
Magazine carrier/pouch  
Weather appropriate clothing and gear, sunscreen, drinking water, snacks and chair and lunch.
